AT PECKFORTON CASTLE

Fish Therapy

Our tiny fish doctors will gently remove the dead skin on your feet to leave them feeling smooth and rejuvenated.

When you immerse your feet into the warm water these curious little fish will get to work by gently nibbling off any dead hard skin, leaving you pampered, healthy and glowing. The fish will only work on unhealthy or dead skin, the healthy skin is left untouched.

These clever fish can also stimulate acupuncture points, helping to regulate the nervous system, relax the body and release fatigue. Your blood circulation and flow is also greatly increased during the treatment.

15 mins	Introduction to fish therapy	£15.00
30 mins	Fish therapy is an excellent way to naturally lift and remove dry, callus skin, and be left with lovely soft skin.	£25.00
Family of 4	15 mins fish therapy per person 2 adults & 2 children	£45.00
